Direct soil application 直接施入土壤 - Oil palm 油棕

100 to 500g per palm 1棵树100至500克 | Once every 2 months 每2个月1次

VITAPALM is series of fully water soluble NPK specifically designed for oil palm. in crystalline powder form. Vitapalm provides your oil palm with all the essential macro and micronutrients for better growth and better yield. Because of the fully water soluble nature of Vitapalm, the oil palm can absorb the nutrients at a very efficient manner in a short period of time. Vitapalm is recommended to be applied directly to the soil where the rooting systems of the palm are.

VITAPALM 是专为油棕设计的全水溶性氮磷钾系列。结晶粉末形式。

Vitapalm为您的油棕提供所有必需的常量和微量营养素，以实现更好的生长和更高的产量。由于 Vitapalm 的完全水溶性，油棕可以在短时间内以非常有效的方式吸收营养。建议将 Vitapalm 直接施用于棕榈生根系统所在的土壤。

Advantages of Vitapalm over conventional fertilizer Vitapalm 与传统肥料相比的优势

1. Higher worker productivity 更高的工人生产率

- Lower use dosage and smaller packaging size of Vitapalm enables worker to complete manuring round faster
较低的 Vitapalm 使用剂量和较小的包装尺寸使工人能够更快地完成一轮施肥
- Less worker to cover same acreage
更少的工人来覆盖同样的土地

2. Faster absorption and quick effect 吸收快，见效快

- Fully water soluble 完全水溶
- Faster effect on palm
更快的看到效果

3. More cost effective 更具成本效益

- Lower dosage and less labour cost
更低的用量和更少的劳动力成本

4. Complete nutrient supply 完整的营养供应

- Contains all macro (except Ca) and micronutrients tailored made for oil palm
包含为油棕量身定制的所有常量（钙除外）和微量营养素
